Dear Councilmember Bruce Harrell,

I would like to submit my name for the new City Light Review Panel.

During my only year on the City Light Advisory Committee I developed a better knowledge of City Light from a more inside perspective.

Over the last twenty years I have developed a more outsider view having represented business associations on City Light issues.

The last three months I worked with Seattle City Light and your committee to insure that street lights throughout Seattle were working.

Seattle City Light will be navigating some difficult times. I would like to use the knowledge I have developed to assist Seattle City Light and the City Council with this navigation.

If you have any questions feel free to contact me.

Sincerely yours,

Eugene Wasserman
